5.0 CONFLICT OF INTEREST POLICY

5.1 Background

Individuals who act on behalf of an organization have a duty first to that organization and second to any personal stake they have in the operations of CANPL. For example, in not-for-profit organizations, Directors are required, by law, to act as a trustee (in good faith, or in trust) of CANPL. Directors, and other stakeholders, must not put themselves in positions where making a decision on behalf of CANPL is connected to their own personal interests. That would be a conflict of interest situation.

5.2 This Policy is informed by legal requirements imposed by the Canada *Not-For-Profit Corporations Act* and by CANPL’s Bylaws. In the event of a conflict between this Policy and the Bylaws and/or legal requirements, the legal requirements and/or Bylaws will prevail.

5.3 Purpose

The CANPL strives to reduce and eliminate nearly all instances of conflict of interest at CANPL – by being aware, prudent, and forthcoming about the potential conflicts. This Policy describes how Representatives will conduct themselves in matters relating to conflict of interest, and will clarify how Representatives shall make decisions in situations where conflict of interest may exist.

5.4 This Policy applies to all Representatives.

5.5 Obligations

Any real or perceived conflict of interest, whether pecuniary or non-pecuniary, between a Representative’s personal interest and the interests of CANPL, shall always be resolved in favour of CANPL.

5.6 Representatives will not:

- a) Engage in any business or transaction, or have a financial or other personal interest, that is incompatible with their official duties with CANPL, unless such business, transaction, or other interest is properly disclosed to CANPL and approved by majority vote of unconflicted members of CANPL's Board of Directors
- b) Knowingly place themselves in a position where they are under obligation to any person who might benefit from special consideration or who might seek preferential treatment) In the performance of their official duties, give preferential treatment to family members, friends, colleagues, or organizations in which their family members, friends, or colleagues have an interest, financial or otherwise

Membership in CANPL, as well as participation in its activities, brings many benefits and privileges. At the same time, Individuals and participants are expected to fulfill certain responsibilities and obligations including, but not limited to, complying with CANPL’s policies, bylaws, rules and regulations, and Code of Conduct and Ethics. Non-compliance by Individuals can result in severe damage to the integrity of CANPL and may be subject to sanctions pursuant to this Policy. Since discipline may be applied, CANPL provides Individuals with the mechanism outlined in this Policy so that complaints are handled fairly, expeditiously, and affordably.

APPLICATION OF THIS POLICY

20.2 This Policy applies to all Individuals.

20.3 This Policy applies to discipline matters that may arise during the course of CANPL’s business, activities, and events including, but not limited to, competitions, practices, tryouts, training camps, travel associated with CANPL activities, and any meetings. It also applies to any complaints or discipline matters arising from violation of CANPL policies.

20.4 This Policy does not prevent discipline from being applied, during a competition or event, according to the procedures in place for the particular event. This Policy does not prevent discipline from being applied by the board should the need arise. Further discipline may be applied according to this Policy.

20.5 Any infractions or complaints occurring within a competition will be dealt with by the procedures specific to the competition, if applicable. In such situations, disciplinary sanctions will be for the duration of the competition, training, activity, or event only. Further sanctions may be applied after a review of the matter in accordance with the procedures set out in this Policy.

20.6 Discipline matters and complaints arising within the business, activities, or events organized by entities other than CANPL will be dealt with pursuant to the policies of these other entities unless requested and accepted by CANPL at its sole discretion.

REPORTING A COMPLAINT

20.7 Complaints may be reported [via email to the Ethics Committee ethics@powerlifting.ca](mailto:ethics@powerlifting.ca).

20.8 Any Individual may report any complaint to CANPL. Such a complaint must be via email and must be filed within fourteen (14) days of the alleged incident. Anonymous complaints are strongly discouraged. These types of complaints are challenging to process and/or anonymity may not be guaranteed throughout the duration of the process. At their discretion, the Ethics Committee may elect to disregard anonymous complaints. Complaints may be reported via email to ethics@powerlifting.ca.

20.9 A Complainant wishing to file a complaint outside of the fourteen (14) day period must provide a written statement giving reasons for an exemption to this limitation. The decision to accept, or not accept, the complaint outside of the fourteen (14) day period will be at the sole discretion of CANPL Case Manager or triage officer. This decision may not be appealed.

20.10 At CANPL Board's discretion, CANPL Board may act as the complainant and initiate the complaint process under the terms of this Policy. In such cases, CANPL will identify an individual to represent CANPL.

20.11 The decision to accept, or not accept, the complaint will be at the sole discretion of CANPL Case Manager. This decision may not be appealed.

MEDIATION

20.12 All parties will be offered the opportunity to engage in alternative dispute resolution prior to engaging in a disciplinary process. Mediation and/or alternative dispute resolution is strongly recommended to parties. Parties may engage in dispute resolution at their own expense. In exceptional circumstances, CANPL may cover the costs of mediation.

21.0 ETHICS & DISCIPLINE COMMITTEE PROCESS

21.1 Complaints, allegations, and concerns of possible breaches of CANPL Code of Conduct or policies are received by direct submission to CANPL Ethics Committee via email at ethics@powerlifting.ca All complaints will be reviewed by CANPL Ethics Committee to determine if a violation of CANPL Code of Conduct or policies has occurred.

21.2 The CANPL Ethics Committee and ITP must follow CANPL Discipline and Complaints Policy.

- 21.3 The CANPL Ethics Committee and ITP must be able to address complaints professionally in both official languages.
- 21.4 The CANPL Ethics Committee and ITP must preserve the confidentiality of the complaints, allegations, or concerns so that no one potentially conflicted in the organization may discover who the complainant is, who the person alleged to have breached the rules is, and what the allegations are about.
- 21.5 The CANPL Ethics Committee will indicate receipt of the complaint if accepted and determined to have merit and send out a notice via letter or email to the subject(s) of the complaint. The CANPL Ethics Committee will determine if complaints are to be considered minor or major infractions as per CANPL Discipline and Complaints Policy and if major, whether UCCMS or non-UCCMS.
- 21.6 If determined to be a minor infraction, the complaint will be handled by CANPL Ethics Committee. The Ethics Committee will send out an email to all members of the Discipline Committee listing the names from the current complaint. No additional information will be provided at this time for confidentiality purposes. Discipline Committee members will declare a conflict of interest or notable vested interest in any member listed in the current complaint. Those members will be considered unable to act as case managers for the current complaint.
- 21.7 The Ethics Committee will then designate 2 case managers from the Discipline Committee to review the complaint and conduct an investigation. This investigation will typically include speaking to all members involved in the complaint and reviewing any facts or information provided.
- 21.8 The case managers will then make a disciplinary recommendation based on their findings. The recommendation will fall into one of 2 categories: 1) an ethical or behavioural infraction of the Code of Conduct, Policies, or Procedures has NOT occurred and there is no further action required OR 2) an ethical or behavioural infraction of above has occurred and disciplinary action is recommended.
- 21.9 The case managers will submit a recommendation for disciplinary action if required. Disciplinary action will be determined based on past precedent and on a case-by-case basis. Disciplinary action may take the form of coaching or lifting sanctions, inability to assume the role of a meet director, or other reasonable discipline as determined by the committee.
- 21.10 If a sanction will interfere with a member's ability to work or engage in a role that may impede their lifestyle or financial position, legal guidance will be pursued prior to disciplinary action.
- 21.11 The Ethics Committee will review the disciplinary action with CANPL Board prior to notification of the members involved in the complaint. Concerns will be addressed with the Board and all members involved in the complaint will be notified of the results of the review.
- 21.12 All recommended discipline, whether a letter/warning or a sanction, will go to vote to the remainder of the disciplinary committee and the ethics committee. In cases of minor infraction, the committee's decision will stand.

21.13 All appeals will be received within the periods listed in CANPL Policies. If an appeal is not received in that period, the sanction will be considered finalized and the matter complete.

21.14 All major incidents (UCCMS) will be dealt with by ITP directly who will determine the course of action required based on the complaint. Once their process is complete, which may include a mediation, investigation or a hearing, they will determine the discipline to be applied, if any.

21.15 The CANPL Ethics Committee may also pass off a non-UCCMS major incident to ITP if determined to be appropriate.

- 23.8 An individual who believes that an Individual's social media activity is inappropriate or may violate CANPL's policies and procedures should report the matter to CANPL in the manner outlined by CANPL's Discipline and Complaints Policy.

24.0 SOCIAL MEDIA USE POLICY

PURPOSE

24.1 Canada Powerlifting (CANPL) encourages the use of social media by its Representatives to enhance effective internal communication, build CANPL brand, and interact with members.

Since there is so much ambiguity in the use of social media, CANPL has created this policy to set boundaries and standards for Representatives' social media use.

APPLICATION OF THIS POLICY

24.2 This Policy applies to all Representatives.

RESPONSIBILITY OF REPRESENTATIVES

24.3 CANPL Representatives will not:

- b) Use social media for the purpose of fraud or any other activity that contravenes the laws of Canada, CANPL's Code of Conduct and Ethics, or any other applicable jurisdiction
- c) Impersonate any other person or misrepresent their identity, role, or position with CANPL.
- d) Display preference or favouritism with regard to associations, athletes, or other members
- e) Upload, post, email, or otherwise transmit:
 - i. Any content that is offensive, obscene, unlawful, threatening, abusive, harassing, defamatory, hateful, invasive or another person's privacy, or otherwise objectionable

- ii. Any material which is designed to cause annoyance, inconvenience, or needless anxiety to others
 - iii. Any material that infringes on the patent, trademark, trade secrets, copyright, or other proprietary rights of any other party
 - iv. Any material that is considered CANPL's confidential information or intellectual property
- 24.4 Representatives shall refrain from discussing matters related to CANPL or its operations on Representatives' personal social media. Instead, matters related to CANPL or its operations should be handled through more official communication channels such as email.
- 24.5 Representatives must engage with social media only in the context(s) described in their volunteer position, or position with CANPL. For example, a CANPL Head Coach shall not represent CANPL in answering a question on CANPL-branded social media that is directed at and better addressed in more official communication channels by, CANPL's Treasurer.
- 24.6 Representatives shall use their best judgment to respond to controversial or negative content posted by other people on CANPL-branded social media. In some cases, deletion of the material may be the most prudent action. In other cases, responding publicly may be preferred. If a Representative questions the correct action to take, the Representative shall consult with another Representative who has more decision-making authority at CANPL. Representatives shall use a clear and appropriate writing style.

CANPL RESPONSIBILITIES

- 24.7 The CANPL will:
- a. Ensure that Representatives only use social media in a positive manner when connecting with others
 - b. Properly vet and understand each social medium before directing Representatives to engage with, or create, CANPL-branded social media
 - c. Ensure that Representatives balance personal and professional information posted via social media and inform Representatives that a balance is necessary and positive
 - d. Monitor Representatives' use of social media

ENFORCEMENT

- 24.8 Failure to adhere to this Policy may permit discipline in accordance with CANPL's Discipline and Complaints Policy, legal recourse, or termination of official CANPL position.

25.0 SOCIAL MEDIA GUIDELINES

PURPOSE

25.1 These Guidelines provide coaches and athletes with tips and suggestions for social media use. Coaches and athletes are strongly encouraged to develop their own strategy for social media use (either written down or not) and ensure that their strategy for social media use is acceptable pursuant to CANPL's Code of Conduct and Ethics. Given the nature of social media as a continually developing communication sphere, CANPL trusts its coaches and athletes to use their best judgment when interacting with social media.

These Guidelines are not hard and fast rules or behavioural laws; but rather ideas that will inform coaches' and athletes' best judgment.

GUIDELINES FOR COACHES

25.2 The following tips should be used by coaches to inform their own strategy for social media use:

- a) Choosing not to engage with social media is an acceptable social media strategy. But you must have good reasons for your choice and be active in other communication media
- b) Despite what Facebook says, you are not actually "friends" with athletes. Resist commenting on athletes' personal activities, status updates, or tweets on Twitter
- c) Consider monitoring or being generally aware of athletes' public social media behaviour to ensure compliance with CANPL's Code of Conduct and Ethics
- d) Coaches may not demand access to an athlete's private posts on social media
- e) Do not "friend" or follow athletes on social media unless they request the connection.

- f) If you accept some “friend” requests, or follow one athlete on social media, you should accept all friend requests and follow all the athletes. Be careful not to show favouritism on social media.
- g) Consider managing your social media so that athletes do not have the option to follow you or “friend” you on social media
- h) Seek permission from athletes before posting pictures or videos of the athletes on publicly available social media
- i) Do not use social media to ‘trap’ athletes if they say one thing to you in person but their social media activity reveals they were doing something different
- j) Keep selection decisions and other official team business off social media
- k) Never require athletes to join any social media platform
- l) If you create a social media page for your team or athlete, do not make this social media site the exclusive location for important information. Duplicate important information in more official channels (like on a website or via email)
- m) Ensure that parents are aware that some coach-athlete interactions may take place on social media. The rule of two applies to online communications with minors. See Appendix A in CANPL Policies and Procedures.
- n) Exercise appropriate discretion when using social media for your own personal communications (with friends, colleagues, and other athletes) with the knowledge that your behaviour may be used as a model by your athletes
- o) Avoid association with social media accounts with explicit sexual contact or viewpoints that might offend or compromise the coach-athlete relationship
- p) Never misrepresent yourself by using a fake name or fake profile.
- q) Be aware that you may acquire information about an athlete that imposes an obligation of disclosure on your part (such as seeing pictures of underage athletes drinking during a trip)
- r) Communication beyond regular social media interactions should be directed towards other communication channels.

ATHLETES

25.3 The following tips should be used by athletes to inform their own strategy for social media use:

- a) Set your privacy settings to restrict who can search for you and what private information other people can see

- b) Coaches, teammates, officials, or opposing competitors may all add you to Facebook or follow you on Twitter. You are not required to follow anyone or be Facebook friends with anyone
- c) If you feel harassed by someone in a social medium, report it to your coach, club official, or to CANPL
- d) Do not feel pressure to join a fan page on Facebook or follow a Twitter feed
- e) Content posted on a social medium, relative to your privacy settings, is considered public. In most cases, you do not have a reasonable expectation of privacy for any material that you post
- f) Posting information that indicates a violation of the Universal Code of Conduct to Prevent and Address Maltreatment in Sport may be processed against the complaint and discipline policy
- g) Model appropriate behaviour in social media befitting your status as an elite athlete, a member of your association and of CANPL. As a representative of CANPL, you have agreed to CANPL's Code of Conduct and Ethics and must follow that Code when you post material and interact with other people through social media
- h) Be aware that your public social media pages may be monitored by your club, coach, or by CANPL and content or behaviour demonstrated in social media may be subject to sanction under CANPL's Discipline and Complaints Policy

ASSOCIATION RESPONSIBILITIES

- 25.4 Associations should not attempt to impose social media restrictions on coaches or athletes. There are many situations where social media contact is desirable and necessary; yet many situations where social media contact is unwanted and risky. Coaches and athletes should be trusted, pursuant to CANPL's Code of Conduct and Ethics, to navigate social media using their best judgment.
- 25.5 Associations should monitor social media use by its athletes and coaches. Coaches and athletes may need to be reminded that behaviour in social media is still subject to CANPL's Code of Conduct and Ethics.
- 25.6 Complaints and concerns about an athlete's or a coach's conduct or behaviour in social media can be addressed under CANPL's Ethics Process.

26.0 POLICY ON TRANSGENDER AND GENDER DIVERSITY INCLUSION

26.1 Preamble

Canada Powerlifting (hereafter referred to as “CANPL”) believes all people, regardless of age, gender, sex, ethnicity, or ability, should have the opportunity to participate in powerlifting.

It is widely known that inclusive and safe sport benefits all participants^{1 2 3}. These benefits include increasing self-esteem⁴, developing sound work habits, perseverance in the face of obstacles⁵, improved academic attainment⁶, reduced youth criminalization⁷, and improved physical and mental health outcomes.^{8 9} Studies confirm that people who are excluded from sport on the basis of their gender identity, gender expression, or intersex status do not reap the benefits of sport¹⁰. In fact, exclusion from sport further isolates and marginalizes this vulnerable group, exacerbating negative social and health outcomes¹¹.

The CANPL also acknowledges the importance of maintaining fairness and competitive integrity for the women’s competitive category. Our aim is to eliminate barriers to participation for transgender and gender-diverse athletes, while also maintaining integrity and fairness in the women’s competitive category. The CANPL also upholds Article 14.1 of the IPF Policies which asserts non-discrimination in IPF Events, including on the basis of gender.

At all times, CANPL shall respect the Canadian Charter of Rights and Freedoms and act in a manner consistent with the Canadian Human Rights Act, of 1985. The CANPL also recognizes that Bill C-16 (an act to amend the Canadian Human Rights Act and the criminal code) adds gender identity and expression to the list of prohibited grounds of discrimination in Canada^{12 13 14 1}.

The CANPL also acknowledges that the governing bodies for Powerlifting, International Powerlifting, and World Para Powerlifting, determine the parameters for qualification for International Competitions which impacts athletes and their ability to compete in these competitions.

26.2 This policy has practical applications in two main areas:

- a) Grassroots Competitions - for local competitions, fun meets, and other athletic events that are geared towards participation rather than performance (e.g., any

domestic competition that is not sanctioned by The International Powerlifting Federation, hereafter referred to as “the IPF”), athletes shall be able to compete in the competitive category in which they identify. There shall be no restrictions placed on transgender or gender-diverse athlete participants.

- b) Worlds Nominations Competitions that qualify for IPF Sanctioned Events - any competition that is categorized and/or sanctioned by CANPL as qualifying competitions to select national teams for IPF Events must comply with the IPF regulations for transgender athletes. The policy that follows indicates how transgender or gender-diverse athletes may compete in the competitive category in which they identify.

26.3 Definitions:

Athlete: refers to any individual registered as a participant/competitor within CANPL.

Competitive category: powerlifting competitions are divided into two competitive categories, men and

women. An athlete’s competitive category is the group against whom they compete, either men or women.

Domestic competition: any competition, for any age group, in any of the disciplines governed by CANPL held in Canada. In a domestic competition, athletes are not representing their countries but may represent other affiliations such as clubs, regional teams, and provincial/territorial teams. For the avoidance of doubt, any International Competition is not considered a “Domestic Competition”.

Gender: the socially constructed roles, behaviours, activities, and attributes that society assigns to masculinity or femininity. These include an evolving set of social roles, expectations, and stereotypes that are ascribed to biological sex and vary with time and culture.

Gender confirmation: medically-supervised program of treatment to transition a person’s body to align with their gender identity through hormone therapy and/or surgery.

Gender diversity: a term that captures the wide range of ways people understand their identities, which is more complex, or different from, traditional gender categories of men and women. The term gender diversity acknowledges and respects the ways people identify outside of the traditional binary men/women gender.

Gender expression: the way an individual represents or expresses gender to others through behaviour, hairstyles, activities, voice, mannerisms, etc.

Gender identity: a person’s deeply-held sense or knowledge of their own gender.

Inclusion: acceptance of individuals with diverse personal characteristics into a group or organization

regardless of those characteristics.

International competition: any competition where athletes, selected by CANPL, compete against athletes representing other countries. Examples of these include (but are not limited to) the World Games, Paralympics, World Championships, Regional Championships, University Games, and Commonwealth Games. It also includes competitions in any competitions organized by or on behalf of the IPF/World Para Powerlifting, as specified in the IPF policies, or as deemed such by the IPF EC.

Intersex: a term used to describe a person born with reproductive anatomy, chromosomes, and/or hormones that are not easily characterized as men or women. This might include a woman with XY chromosomes or a man with ovaries instead of testes. Typically, intersex people are assigned one sex, men or women, at birth. Some intersex people identify with their assigned sex, while others do not. Some choose to identify as intersex, whereas others do not.

Legal gender: A person's legal gender is the gender that is recognized under the law(s) of the jurisdiction where a person lives. A person's legal gender is typically illustrated by things like legal documents and government-issued ID. The process for changing one's legal gender is onerous. It is thus not uncommon for trans people, as well as people who do not identify as either male or female, not to complete the process of bringing their legal gender (that is, the gender on their identification) in line with their gender identity.

Self-identification: the act of personally identifying oneself as belonging to a specific group of people, or as having a specific identity.

Sex: the term sex refers to a set of biological attributes in both humans and animals. It is primarily associated with physical and physiological features including chromosomes, gene expression, hormone levels, and reproductive and/or sexual anatomy.

Non-binary: a common term used to refer to the fluidity of gender along the gender spectrum (Also Gender Queer and Gender Fluid).

Transgender: people whose gender identity differs from the sex they were registered at birth.
Transgender Boy/Man: someone who was assigned female sex at birth but who identifies as a boy/man.

Transgender Girl/Woman: someone who was assigned male sex at birth but who identifies as a girl/woman.

IPF Categorized Competition: any competition that is categorised by the IPF under article 3.4 of the IPF By-Laws (https://www.powerlifting.sport/fileadmin/ipf/data/about-ipf/constitution-by-laws/IPF_By-Laws_09.04.2_023v6.pdf) where the Eligibility Rules for Competition apply.

Worlds Nominations Competition: A competition that is conducted in full compliance with the applicable and relevant IPF Competition and Technical Rules, from which athletes may be selected by CANPL to represent CANPL at IPF Events, and the results of which are used by the

IPF in sorting nominations and rankings for competitions. These meets include the Canadian National and Regional Canadian Championships.

Eligibility Rules for Worlds Nominations Competition

- 26.18 Worlds Nominations Competition are those competitions whose results are used by the IPF to determine nomination ranks and are also used for CANPL National Team Selection to IPF Events. They are dependent on all IPF Bylaws and Policies being met to be considered as valid for eligibility, national rankings lists, qualification to International Championships and World Games, and any other IPF statistical purpose.
- 26.19 At Worlds Nominations Competition conducted in Canada, an Athlete must comply with the Eligibility Rules for the Competition set out by the IPF including the IPF Transgender Policy. The specific eligibility conditions are set out in section 3 of the IPF Transgender Policy and, in summary, include:
- 26.19.1 Transgender men who wish to participate in the men's competitive category are required to provide a written and signed declaration that they identify as a man. For transgender men, the testosterone should be in the normal range of males, i.e., in the range of 10 to 35 nanomoles per litre (nmol/L) but must not exceed the normal range.
- 26.19.2 Transgender women who wish to participate in the women's competitive category must meet each of the following conditions:
- a) The athlete has declared before competing that her gender identity is female and has a valid passport bearing a female gender. The declaration cannot be changed, for competition purposes, for a minimum of four years.
 - b) The athlete must demonstrate that her total testosterone level in serum has been equal or below 2.4 nanomoles per litre (nmol/L) and/or free testosterone equal or below 0.433 nmol/dL (or at or below the upper limit of normal of a particular laboratory reference) for at least 12 months prior to her first competition (with the requirement for any longer period to be based on a confidential case-by-case evaluation by IPF Medical Commission (MC), considering whether or not 12 months is a sufficient length of time to minimize any advantage in women's competition). Further information or laboratory results may be requested for decision.
 - c) The athlete's total testosterone level in serum must remain at or below 2.4 nmol/litre (nmol/L) and free testosterone at or below 0.433 nmol/L (or at or below the upper limit of normal of the laboratory reference) throughout the period of desired eligibility to compete in the female category.
 - d) Compliance with these conditions must be monitored by testing at intervals as determined by IPF Medical Commission. In the event of non-compliance, the athlete's eligibility for female competition is suspended and reapplication for validity to compete in the female category is required.

Domestic “Grassroots” Competitions

- 26.20 In competitions other than Worlds Nominations Competition, athletes, regardless of age, may participate in any event based on the gender in which they identify. This could include, for example, local grassroots competitions and meets.
- 26.21 In registering for domestic competition, an athlete may select the category that best reflects their gender identity and sense of self.
- 26.22 Coaches, officials, staff, and volunteers must support an athlete’s right to select a competitive category that best matches their gender identity.

Provincial/Territorial, National, Area, and World Records

- 26.23 In order for an athlete’s performance to be considered for a National or World Record, an athlete must first meet the IPF Transgender Policy requirements and have an active Elite membership within CANPL.

Assessment of Eligibility

- 26.24 For the purpose of confirming an athlete’s Eligibility for Worlds Nominations Competition conducted in Canada by CANPL and or its Member Provinces, CANPL shall defer all assessments and decisions on Eligibility to the IPF Medical Commission.

- 26.25 A Transgender Athlete who wishes to be declared eligible to compete in their division and classification at a Worlds Nominations Competition, and/or to have recognised any World Record performance in the classification they registered in must adhere to the process as outlined in the IPF Transgender Policy.

Selecting a Competitive Category

- 26.26 This policy outlines how any athlete, regardless of their gender identity, may compete at any level of sport as long as they meet the eligibility regulations set forth in sections 4.2 and 6.0 of this policy.

- 26.27 Each calendar year, athletes will have the option to register as an elite or as a performance member.
- 26.28 “Elite” Members 14 years and older (the age at which athletes first become eligible to compete in Worlds Nominations Competitions), will be required to select and certify the gender category in which they are eligible to compete. Failure to do so, or provision of a false certification, will render the athlete ineligible.
- 26.29 “Performance” members, or athletes under the age of 14, will have the option to register in the competitive category in which they identify.
- 26.30 In cases where an athlete has undergone or is currently undergoing a gender transition and wishes to compete in a Worlds Nominations Competition in the category of competition consistent with his/her gender identity they must adhere to IPF Transgender Policy .
- 26.31 The situation may arise when an athlete is not sure in which category they are eligible to compete. The following individuals may contact CANPL for confidential guidance on this issue:
- a. The athlete themselves
 - b. The athlete’s parent(s) or guardian, if the athlete is a minor.
 - c. The athlete’s personal coach, with permission from the athlete. The coach must obtain the athlete’s permission even if the athlete is a minor.
- 26.32 For the avoidance of doubt, no athlete will be forced to undergo any medical assessment and/or treatment. It is the athlete's responsibility, in close consultation with his/her medical team, to decide on the advisability of proceeding with any assessment and/or treatment.

Switching Competitive Categories

- 26.32.1 International Competitions. As per the IPF Transgender Policy, once a Transgender athlete has satisfied the relevant eligibility requirements and has started participating in Worlds Nominations Competitions in the category of competition consistent with his/her gender identity, he/she may not then switch back to participating in the other gender category in International Competition unless and until (a) at least four years have passed since the first International Competition in which he/she participated as a Transgender athlete; and (b) he/she satisfies all of the conditions for eligibility to compete in the other gender category.
- 26.32.2 Domestic Competitions. If the athlete is not competing in Worlds Nominations Competitions and solely competing in domestic competitions:

- a) “Elite” members 14 years and older may change their competitive category each calendar year at the time of registration as set out in section 8.2 of this policy.
- b) “Performance” members, or athletes under the age of 14 may change their competitive category at any time during the year and such request will be considered by CANPL and/or Provincial/Territorial Member.

Objections

- 26.33 Enquiries into an athlete’s right to compete in a given category must be done through CANPL Ethics Committee, ethics@powerlifting.ca.
- 26.34 Openly contesting or protesting an athlete’s right to compete in their competitive category is prohibited and could be considered Psychological Maltreatment and a violation of CANPL Code of Conduct.

Complaints or Appeals

- 26.35 Any complaint or appeal in relation to this policy is to be submitted to the Ethics Committee of CANPL. Ethics@powerlifting.ca

Anti-Doping Requirements

- 26.36 The CANPL encourages athletes to seek information regarding the status of any medications they are using to determine their Therapeutic Use Exemptions (TUE) requirements for the use of prohibited medications, and to ensure compliance with CANPL and IPF Anti-Doping Rules and WADA Code requirements where necessary. The Canadian Centre for Ethics in Sport provides assistance to all athletes with these aforementioned tasks.

Periodic Reviews

- 26.37 The CANPL commits to continually monitoring and evaluating this policy so as to maintain those inclusion principles and purpose statements outlined herein while updating to reflect any changes in International Competition guidelines that may otherwise impact its athletes.

NATIONAL RECORDS AND AWARDS

27.0 NATIONAL RECORDS

- 27.1 In order to be eligible for any records Registrants must be in good standing with CANPL and their Member Province.
- 27.2 Only Canadian citizens and permanent residents may set national records.
- 27.3 National records may only be set with equipment outlined in the EQUIPMENT section of these policies.
- 27.4 National records can only be set at Provincial Championships, Regional Championships, National Championships, or any higher level of competition.
- 27.5 In order for a national record to be obtained by a Registrant, all referees officiating must be of national level or higher. National records in the total will only be accepted if national referees were used on all successful lifts, regardless of whether they were single lift records, with the same requirements as for single lift records.
- 27.6 When a provincial-level referee is testing for a national referee certification, any national records set during the testing shall be deemed to be legitimate, regardless of the outcome of the exam, providing a jury is present.
- 27.7 At Regional or National Championships a Registrant's status as Unequipped must be clearly identified on the contest scoresheet. Registrants CANNOT "cross-over" from equipped to unequipped, or from unequipped to equipped. They can only

enter into one division at a competition in regard to records. If not so identified as unequipped, they will be assumed to be equipped.

- 27.8 The Registrant must have faced the possibility of doping control testing, whether or not any actual sample collections take place. If samples are collected and an actual test takes place, the sample must be analyzed at a WADA-accredited laboratory, and the test result found to be negative.
- 27.9 If a national record is established by a Registrant while competing in a foreign country, that record will only be recognized if:
- a) The Registrant must have faced the possibility of doping control testing. If samples are collected and an actual test takes place, the sample must be analyzed at a WADA-accredited laboratory, and the test result found to be negative;
 - b) The record was made before three IPF International referees, all of whose registrations are up-to-date;
 - c) The competition was sanctioned by a lifting organization that is affiliated with the IPF; and
 - d) The competition must have been organized and conducted according to IPF rules.
- 27.10 In the event of a Registrant(s) being suspended for a failed drug test, which affects the placings of other athletes, the Board will act in a timely fashion to publicly honor the new winner(s). This will include forwarding the appropriate medallion to the correct placeholder(s).
- 27.11 When a record is removed from a Registrant, the record shall revert to the previous record holder. Should the previous record have since been exceeded by a lift performed at a competition that is eligible to set new national records, that Registrant may apply to claim the record. The normal record application must be forwarded within seven (7) days of the day that the previous record is removed. It will be the responsibility of the Board to inform all parties impacted by any change.
- 27.12 Each Member Province shall be responsible for its own records and forms, but a national record application must be submitted on a standard CANPL National Record Application Form.
- 27.13 The standard CANPL Record Application Form must be submitted by the Registrant through the online form to the Records Chairperson no later than seven (7) days from the date of any sanctioned competition (or final day of a multi-day event).

- 27.14 At the time of the competition, when a national record is set, a Registrant may choose to decline the submission of a CANPL National Record Application Form and the record will not stand.
- 27.15 The CANPL shall accept applications for new national records in all ages, weights, and categories (equipped & unequipped) that the IPF recognizes.
- 27.16 For all ages, weight and genders, records shall be maintained for both equipped and unequipped competition.
- 27.17 If a Member Province holds a separate contest that is designated as an “Equipped Provincial Championships”, Registrants that intend to lift without supportive equipment may enter, but will be considered as an equipped Registrant, and will not be eligible to set unequipped records of any level or be entered on rankings lists for unequipped lifting.
- 27.18 The CANPL shall also accept applications for new national records for para-powerlifting in the weight classes and age divisions followed by the International Paralympic Committee.
- 27.19 Master, Sub-Junior, and Junior athletes who are registered as an Open athlete may set National records in the registrant’s actual age category. Masters, Sub-Juniors, and Juniors lifting as open athlete must break a record in the registrant’s actual age category by 2.5 kg. The only exception to this is if it is an open record as well, in which case, it can be broken by .5 kg.

APPENDIX “A” – RULE OF TWO

The Rule of Two serves to protect minor athletes (under the age of 18) in potentially vulnerable situations, as well as the quality coaches working in our communities, by ensuring that more than one adult is present.

The goal of implementing the Rule of Two is for all CANPL and Provincial sanctioned events to always have two officials or one official and a coach/guardian with a minor athlete, when in a potentially vulnerable situation. Vulnerable situations can include weigh-ins, closed doors meetings, travel, and remote training environments.

Implementing the Rule of Two means that any one-on-one interaction between an official and a minor athlete minor, both on and off the competition platform, must take place within earshot and view of the second official, coach or guardian, with the exception of medical emergencies. One of the officials must also be of the same gender as the athlete. Member Provinces are encouraged to ensure that those individuals in supervisory roles are appropriate for, and acceptable to, the individual registrant. Should there be a circumstance where a second official, coach or guardian is not available, a screened volunteer, parent, or adult may be recruited.
